Outspoken Communicator Mobile System

Compusult's Outspoken Communicator Mobile System is a high-quality portable Augmentative and Alternative Communication (AAC) bundled solution that can be customized to include an iPad or a select Android device, pre-installed with various AAC software, as well as accessories such as an EVA2 protective case, tempered glass screen protector, carrying strap, ergonomic metal stylus and the iGo Bluetooth wireless portable speaker.

AAC Software Options

The Outspoken Communicator Mobile System can be customized to include all or any combination of the following AAC software options.

Proloquo2Go

Comprehensive AAC solution that allows a user to increase vocabulary, store commonly used words and phrases and use symbols and/or text-based functions.

(Please note Proloquo2Go is for iPad only).

Predictable

Comprehensive text-based AAC solution with options to store phrases and translate handwriting.

Assistive Express

A text-based AAC solution with word prediction and storage of phrases.

Snap + Core First

A symbol-based AAC solution that helps users to continuously build vocabulary and communication skills.

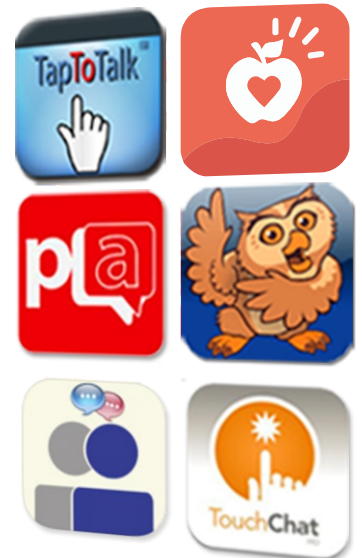

TapToTalk

An AAC solution that empowers individuals who aren't able to speak (or who have limited speech) to say what they want or feel via the app's recorded voice.

TouchChat

A full-featured AAC solution for individuals who have difficulty using their natural voice.

**Other AAC software
available upon request.**

Mobile Accessories Included

Mobile accessories included in the purchase of the Outspoken Communicator Mobile System are:

EVA2 Protective Case with Optional Carrying Strap

Compusult's EVA2 is an easy-to-hold, foam-based case that protects your device from accidental drops and tumbles. It features even better protection and stability, a built-in convertible stand that doubles as a handle, a stylus storage slot and cut-outs for attaching Compusult's EVA2 carrying strap.

Compusult's iGo Bluetooth Portable Wireless Speaker

Compusult's iGo Bluetooth wireless speaker is a perfect pairing for any mobile device running AAC apps. iGo's portable, splashproof design provides excellent volume and clarity, ensuring you are heard when communicating through any AAC app for iPad, Android and Windows. It features 5 hours of continuous play time, allows for hands-free calling, has a powerful 5-Watt speaker and a special acoustic design that lets air compress and expand to release sound energy. It also has a built-in carabiner clip, microphone and microSD card slot.

Tempered Glass Screen Protector and Stylus

Ease of use and protection are further enhanced with Compusult's tempered glass screen protector and ergonomic metal stylus.

How to Purchase

To complete your Outspoken Communicator Mobile System, please e-mail at@compusult.com or call 1-888-745-7914 and:

- Specify the iPad or select Android device.
- Specify all or any combination of the AAC software required including: Proloquo2Go (Please note Proloquo2Go is for iPad only), Predictable, Assistive Express, Snap + Core First, TapToTalk, TouchChat or other AAC software.
- Mobile accessories included: EVA2 protective case (blue, pink, black or green), a carrying strap, Compusult's tempered glass screen protector, an ergonomic metal stylus and the iGo Bluetooth wireless portable speaker.
- Systems are available within one week from the date we receive your order.
