Outspoken Communicator Mobile System

Compusult's Outspoken Communicator Mobile System is a high-quality portable Augmentative and Alternative Communication (AAC) bundled solution. It includes the Proloquo2Go or Proloquo4Text AAC software pre-installed on an iPad, as well as optional accessories.

(Please note Proloquo2Go is for iPad only).

AssistiveWare has developed two advanced communication solutions for anyone who can operate an iPad. Proloquo2Go has both symbols and text entry methods and features switch scan modes. Proloquo4Text is a text-based app with prediction. These AAC products do not require an internet connection to function and are highly customizable for individual needs.

Proloquo2Go Features

- ✦ Access 32 male and female voices with a variety of international accents.
- ✦ Beginning vocabulary of over 7,000 words and phrases.
- ✦ Capacity for 14,000 symbols; almost 8000 built-in symbols from SymbolStix LLC.
- ✦ Create your own buttons using digital images or reuse built-in symbols for new buttons.
- ✦ Increase fluency and accuracy with the same product as you graduate from symbols to typing. Mix symbols and typing in the same sentence or switch to typing mode completely.
- ✦ Options available for correct conjugation of verbs, pluralizations and possessives.
- ✦ The history feature provides quick access to words and phrases used in the last 15 minutes to one week.
- ✦ Switch scan modes.

Proloquo4Text Features

- ✦ Prediction while you type.
- ✦ 95 Nuance voices in 15 languages as free downloads.
- ✦ Accessible using switches and Voice Over.
