

Scotty

Scotty Wheelchair Tray Systems - Take your work surface with you!

Scotty Wheelchair Tray Systems

Compusult's Scotty Wheelchair Tray Systems are a versatile collection of attachment hardware that provides an ideal platform for mounting communication devices, reading materials, notebooks, tablets or laptop computers to your wheelchair, desk or almost anywhere! Two customizable systems are available that can be tailored to your unique requirements; the Kristen and Claire. With a few Scotty accessories, you can also add a cup holder, an umbrella, a fishing rod and more.

Scotty Kristen

Kristen is a center-mount pedestal tray. Its slide in base fits under a wheelchair seat cushion. Increase your mobility by adding the optional angle adjustable link at one or both ends, and/or by increasing or decreasing pedestal height when ordering.

Scotty Claire

Claire is a surface mount tray assembly. Several different base mounts can be ordered and flexibility can be increased by adding the optional angle adjustable link at one, or both ends of the assembly. Quick-disconnects make for easy storage when not in use.

Features to help you ... every day!

Portable Tray Systems

Put your work surface where you need it, when you need it.

Lightweight Advanced Materials

Each Scotty is manufactured with advanced composites ensuring a long life, even under heavy use conditions.

Easily Removable Connectors

Ensures you can take it with you, or leave it at home. Quickly and easily install and remove trays and accessories.

Connectors and Mounting Hardware

Designed for easy adaptation and a wide variety of uses.
